

Suhani Chug

B.E. Computer Science Engineering, Chitkara University, Himachal Pradesh
suhanichug4@gmail.com — LinkedIn — LeetCode — GitHub

Education

Chitkara University

2024 – 2028

Computer Science and Engineering student with a strong foundation in programming, Data Structures, and Object-Oriented Programming. Currently learning and building full-stack web development projects. Passionate about problem-solving and eager to apply technical skills in real-world software development.

Career Objective

To pursue a career as a software developer by utilizing my skills in computer science fundamentals, full-stack web development, and problem-solving, while continuously learning and contributing to real-world projects.

Technical Skills

Languages: C, C++, Java, Python

Web Technologies: HTML, CSS, JavaScript, React

Concepts: Data Structures and Algorithms, Object-Oriented Programming

Tools: Visual Studio Code

Projects

HealthGuard

- Developed a Machine Learning-based healthcare system for disease risk prediction using user symptoms and health data.
- Implemented Random Forest, SVM, Decision Tree, and Naive Bayes, achieving 96% prediction accuracy with personalized health recommendations.

To-Do List Application

- Developed a console-based task management system using C++.
- Implemented task creation, deletion, and completion tracking features.

Zomato MERN Clone (Reels-Based App)

- Built a food discovery application using the MERN stack (MongoDB, Express, React, Node.js).
- Implemented reel-style video feed, REST APIs, and a responsive React frontend with like/save features.

Coding Practice

- Regularly practice Data Structures and Algorithms problems.
- Active problem solver on LeetCode.
- Strong understanding of arrays, recursion, sorting and searching algorithms.

Certifications & Achievements

- Completed various certifications through Infosys Springboard in programming and technology domains.
- Participated in Viksit Bharat Youth Parliament.

Strengths

- Strong problem-solving and logical thinking
- Good communication and teamwork skills
